I've forwarded your request to Ray Lau with our meters section and RC Smith with hollywood parking enforcement.

Hopefully they will respond with information or that the issue is dealt with.

Dear Chris:

A couple of months ago at the HMD Annual Stakeholders meeting you met one of my colleagues that was working from Council President Wesson (Isaac Burks) - at the time he was following up on a matter regarding one (1) parking meter located at the south east corner of Mahattan and 6th Street. The meter was successfully installed however it was not a 15 minute meter as requested (it was a regular meter that DOES NOT WORK). The inoperable meter is currently being occupied by a handicap vehicle. Can you please expedite this request for the following:

1. Please send parking enforcement to cite vehicle for over 72 hours
2. Replace meter to a 15 minute time frame

Thank you
